IFBF 2020 Exhibition & Sponsorship Opportunities

The 11th International Flow Battery Forum will be held at the InterContinental Hotel, Königsallee 59, 40215 Düsseldorf, Germany from 30th June to 2nd July 2020.

The International Flow Battery Forum is recognised as the leading event for the flow battery community. This is the eleventh IFBF® and the Forum promotes the most recent developments in the science, technology and deployment of flow batteries. Last year's meeting was attended by two hundred and sixty six delegates covering a broad range of interests in research, development and commercial aspects of flow battery technology, providing an ideal opportunity to promote and develop business contacts.

There is an exhibition area for suppliers, manufacturers and developers to display their products and services and we have many sponsorship opportunities.

The IFBF is the key event to:

- Showcase your products and services.
- Increase brand awareness within the market place.
- Meet and interact with new and existing professional contacts within the industry.
- Create new sales leads, business opportunities and ventures.
- Benefit from your brand's presence in the IFBF's publicity and newsletters sent to all subscribers on our mailing list.

IFBF 2020 Outline Programme:

Monday 29th June 2020: Exhibition set up and pre-event activities

An introductory seminar for newcomers to the industry. (Separate registration required).
Related groups will be holding meetings for their members during the day.

Tuesday 30th June 2020: Conference Day 1

To include keynote addresses and a focus on commercialisation, marketing, and financing issues for flow battery development.
IFBF evening drinks reception (to be confirmed, subject to sponsorship).

Wednesday 1st July 2020: Conference Day 2

Presentations of scientific, technical and commercial papers on flow battery research, development, demonstration and deployment.
Panel sessions, poster session, IFBF reception and evening dinner will take place in the Altstadt.
The brewery is within walking distance of the conference hotel.

Thursday 2nd July 2020: Conference Day 3

Presentations of scientific, technical and commercial papers on flow battery research, development, demonstration and deployment.
Visit to Volterion's flow battery installation. (Separate registration required).

Friday 3rd July 2020:

Visit to John Cockerill's site at Seraing, Belgium to see their demonstration of an integrated micro network of renewable generation linked to various battery types including flow batteries, lithium ion and sodium sulphur. (Separate registration required).

IFBF 2020 Registration fees

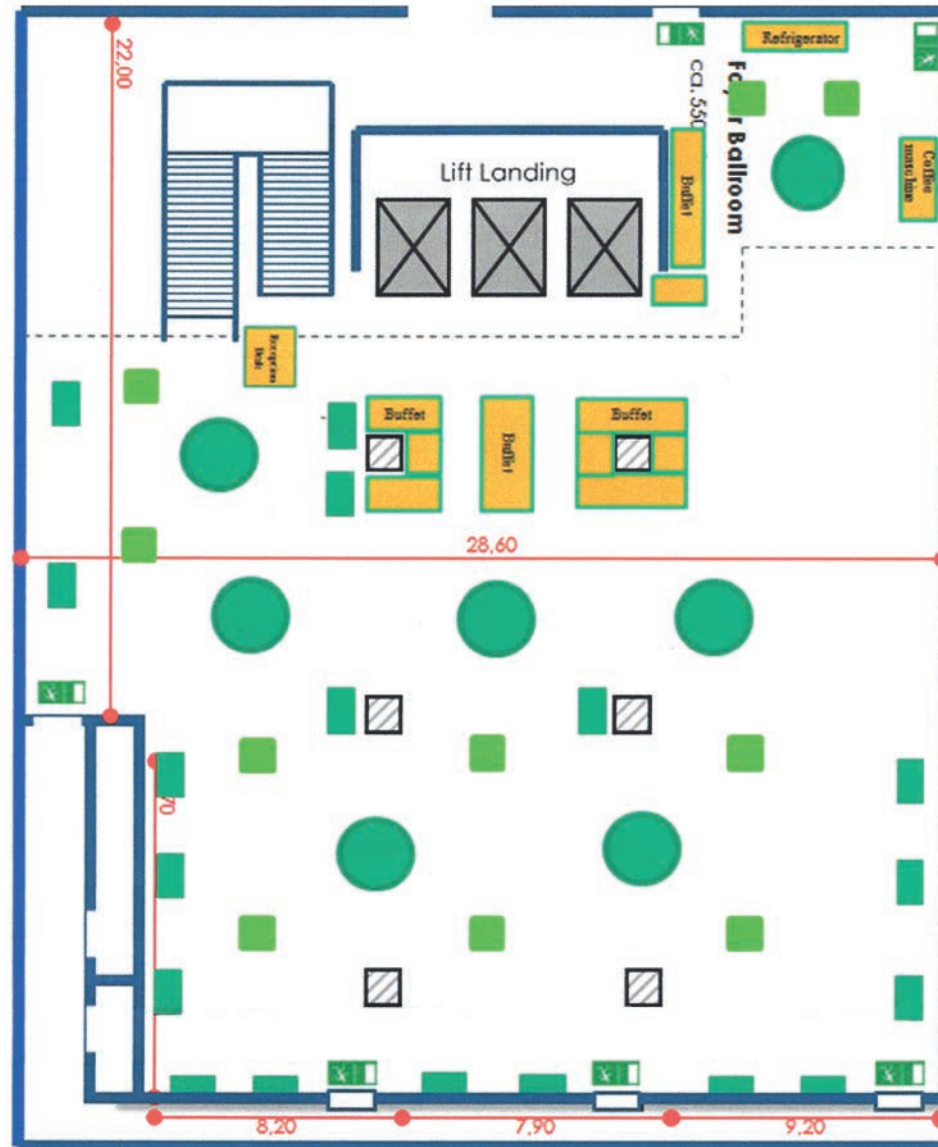

VAT is shown at current rates.

REGISTRATION TYPE (excl. the introductory seminar and flow battery visit)	ADVANCE REGISTRATION before 30 April 2020	REGISTRATION 1 May to 19 June	LATE REGISTRATION 22 June 2020 onwards

IFBF 2020 Exhibition Opportunities

Our conference venue for the IFBF 2020 has a conference hall and an exhibition area. Meals and refreshments during the day will be served in the exhibitor and poster display areas. This will maximise interaction with delegates. We offer exhibition stands based on two standard sizes of 6m² and 9m².

Exhibition stand key = green rectangles
