

FBE MEMBERS

Currently, FBE has 31 members covering the entire value chain, including suppliers, mining companies, research organisations, and manufacturers. All companies interested in the flow battery market in Europe are invited to join the association.

Flow Batteries Europe

What should be the policy priorities?

1. Support flow battery projects and business cases
2. Improved regulatory conditions for flow battery uptake
3. More funding for innovation and scale up
4. Support the development of a fully European flow battery supply chain
